

# Tiger

# Sweeper

*The 8' Tiger Sweeper attachment mounts to the front of your tractor and allows the mowed area to be sweep clear of debris. The heavy duty brush is constructed of 50% Poly and 50% Steel materials. The sweeper drive system is powered by two hydraulic motors. The sweeper also features hydraulic lift and angle control.*

*Attach a Tiger Broom to your Bidirectional tractor. Broom widths of 10' or 12' are available. Broom assembly comes standard with caster wheel carrier.*
